Before forwarding your referral, please consider the following eligibility criteria:

- **BMI of 16.5 or above** (\*if BMI < 16.5, please refer to links below for intensive treatment options)
- Stability of chronic conditions, as well as physical and mental health
- Cannot be heavily dependent on substances that result in cognitive impairment/sedation, which would render the patient unable to participate in program content
- Ready to work on recovering from the eating disorder, with patient agreeing to regular medical monitoring and eating food while in program
- Must be able to actively engage in activities of daily living
- Cannot be currently incarcerated, in hospital, residential or day treatment
- Cognitive, language or daily functioning impairments may limit patient ability to engage in program content

Note: The primary health care provider remains responsible for all medical management until the patient has started treatment. Once in treatment, medical monitoring during the program will be limited to concerns related to the eating disorder only.

**Thank you for your referral. If you require any further information, please do not hesitate to contact Windsor-Essex Eating Disorders Centralized Intake at: Ph: (519) 969-2112 Fax: (519) 969-0227**
